

SKY-AT18V Auto Tracking Pan Tilt Zoom Camera

This intelligent auto tracking pan tilt zoom camera will follow an object up to 360 degrees. The camera can be set to return to a "home" position once the object is out of view. A powerful 18X zoom lens allows you to get a close view!

Perfect for unattended locations such as:

- * Car dealerships
- * Parking Lots
- * Construction Sites
- * and much more
